

Enhance your employability with an industry placement at PEF

Applications are open to UQ students for an industry placement in 2022

This program is available as an 8 unit (1 semester) or 16 unit (2 semester) industry placement in an award winning and internationally recognised contract research organisation right here at UQ! Working with the Protein Expression Facility (PEF), you will develop invaluable skillsets in recombinant protein production; contextualise your studies and gain experience in a professional workplace.

Available industry placement positions

- Lab management and quality assurance (ISO 9001)
- Contractual agreements and IP
- Molecular engineering
- Microbial bioproduction
- Baculovirus/insect cell technology
- Mammalian cell technology
- Downstream bioprocess
- Protein analytics and characterisation

How to apply

Email your application to: enquiries@scmb.uq.edu.au
Subject line: PEF Industry Placement 2022

Include with your application

- Curriculum vitae (no more than three pages)
- One page cover letter describing why you are interested in this program and why you should be selected
